

The Lynnhaven, Restoring the Legend

For many years, the Lynnhaven River has been a local treasure, cherished by old timers and new comers alike. There are so many wonderful stories about people's experiences with the Lynnhaven River, so many beautiful photographs and paintings that celebrate the artists' experiences of the river. In our stunning new book, we have tried to capture that love. The essays and images will delight you as you enjoy the book over and over.

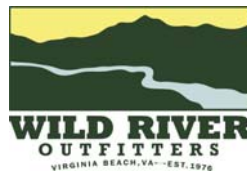

The 10 x 14 full color coffee table book is now available in our office on Pleasure House Road for \$50. You can call our office at 757-962-5398 or email Chase@lynnhaven2007.com for more information or to reserve your copy.

Working on this book has been a labor of love. The depth of appreciation and respect shown for our beautiful Lynnhaven River through people's personal stories, recollections and lovely pictures will move you. You will want a copy for yourself and copies to give as gifts.

Much thanks to our artists, photographers and writers as well as our sponsors for making this book possible.
