

Simple Acts of Stewardship

All faiths are welcome, and it is free to become part of the Pearl Faith Community. All we ask is that within a year your congregation will complete the following:

1. Make a difference **inside** your buildings.
Examples include installing occupancy sensors, programmable thermostats, sealing ductwork, recycling at events, greening your coffee hour by purchasing reusable or biodegradable products. *Ask how your congregation can receive a FREE Energy Audit.
2. Make a difference **outside** your grounds.
Examples include replacing turf grass with mulched beds and native plants, reducing pesticides and fertilizer, resurfacing parking lot areas with permeable pavers, or ask how your congregation can receive a FREE Rain Barrel or Landscape Design.
3. Make a difference with an **educational activity**.
Examples include inviting Lynnhaven River NOW to give a presentation before or after services, host a Day of Service for the community and include area environmental organizations, host a lecture or film series on relevant topics, host educational activities for day school or Sunday school students.
